

# 제57차 한국췌장외과연구회 (Korean Pancreas Surgery Club)

일시: 2018년 9월 29일 토요일

장소: 울산대학교병원 대강당

# KPSC

Since  
2004

## PROGRAM

|               |  |   |
|---------------|--|---|
| 12:00 - 13:00 | 점심식사   | 울산대학교병원 지하 식당   |
| 13:00 - 13:10 | 개회사  | KPSC 회장 <b>최인석</b>  |
| 13:10 - 14:30 | <b>Management Dilemma in GB Cancer</b>   | <b>좌장: 나양원</b> (울산의대), <b>조철균</b> (전남의대)<br><b>신상현</b> (성균관의대)<br><b>권우일</b> (서울의대) |
|               | 1. Case presentation & voting  |   |
|               | 2. Liver resection in various situation  |   |
|               | - T2a GBC: liver resection or not  |   |
|               | - Seg. IVb + V: routinely or selectively (if so, when)   |   |
|               | - Confined intrahepatic metastasis: liver resection or not   |   |
|               | 3. LN metastasis   | <b>서형일</b> (부산의대)   |
|               | - Metastasis to multiple portocaval & CHA LNs: resection or not  |   |
|               | - Metastasis to retropancreatic LN: PD or not  |   |
|               | - Isolated paraaortic LN metastasis: resection or not  |   |
|               | 4. Role of conversion surgery  | <b>Masafumi Nakamura</b> (Kyushu University)  |
|               | 5. Discussion  |   |
| 14:30 - 15:10 | <b>Collaboration Study</b>   | <b>좌장: 유희철</b> (전북의대)   |
|               | 1. 한일공동연구  | <b>장진영</b> (서울의대)   |
|               | - 2차 한-일 공동연구미팅 결과 보고  |   |
|               | - The impact on neoadjuvant treatment for pancreatic head cancer with portal vein involvement: a propensity score-matched study in Japanese-Korean project               | <b>Yuichi Nagakawa</b> (Tokyo Medical University)                                   |
|               | - Validation study of difficulty scoring system in laparoscopic distal pancreatectomy  | <b>Masafumi Nakamura</b> (Kyushu University)  |
|               | 2. 한-중 공동 연구   | <b>한인웅</b> (성균관의대)  |
|               | 3. 항암요법연구회 공동연구  | <b>박준성</b> (연세의대)   |
| 15:10 - 15:30 | Coffee break   |   |
| 15:30 - 16:50 | <b>Pancreatic Cancer with Portal Vein-SMV Involvement</b>  | <b>박상재</b> (국립암센터), <b>윤성수</b> (영남의대)   |
|               | (How are we different?: operative indication (for upfront surgery), techniques & postoperative care)   |   |
|               | 1. Question & voting   | <b>이희성</b> (이화의대)   |
|               | 2. Current evidence: upfront surgery vs. neoadjuvant therapy   | <b>Yuichi Nagakawa</b> (Tokyo Medical University)                                   |
|               | 3. Operative strategies and postoperative care to maintain good vessel patency after portal vein anastomosis   |   |
|               | - HBP surgeon's experience   | <b>문주익</b> (건양의대)   |
|               | - Vascular surgeon's view  | <b>박상준</b> (울산의대)   |
|               | 4. Discussion  |   |
| 16:50 - 17:50 | <b>Case Discussion</b>   | <b>이현국</b> (이화의대), <b>정치영</b> (경상의대)  |
|               | 1. Pancreatoduodenectomy with portal vein resection and reconstruction of the PV using autologous Iliac vein and in situ iliac vein reconstruction with prosthetic graft | 울산의대 <b>황경연</b>   |
|               | 2. Appraisal of branching patterns of first jejunal vein in pancreaticoduodenectomy  | 서울의대 <b>김재리</b>   |
|               | 3. Initial Experience of Pancreas transplantation in Pusan National University Yangsan Hospital  | 부산의대 <b>최병현</b>   |
|               | 4. Erdheim-Chester disease of the liver clinically mimicking intrahepatic cholangiocarcinoma combined with pancreas body cancer  | 경상의대 <b>정치영</b>   |
| 17:50         | 췌장외과연구회 공지사항   | 충무 <b>문주익</b>   |
| 17:50         | 폐회사  | KPSC 회장 <b>최인석</b>  |
| 18:00         | 저녁식사   |   |
